DOUBLE CLEAN

LABEL INSTRUCTIONS

Product Description & Directions for Use:

A highly concentrated, fast dissolving compound formulated for optimum performance in hot water extraction carpet cleaning equipment. Double Clean contains high quality ingredients for cleaning heavily soiled carpets, plus a special corrosion inhibitor to protect machinery.

For professional and industrial use only.

Portable extraction machines - Mix 15ml to 30ml (1 to 2 measure scoops) of Double Clean per 10 litres of hot water (1 to 500) in the machine solution tank.

Truck-mount units - Mix 1 kilo of Double Clean in 20 litres of warm water to make metering concentrate. Set flow meter at 2 to 4 GPH.

Always pretest carpet for colour fastness with ready-to-use solution before proceeding.

Pretreat heavily soiled areas with S709 Multi Pro or S710 Trafficlean according to label directions, then follow up with normal extraction cleaning procedure.

- High concentrate heavy duty carpet detergent for hot water extraction machines
- Formulated for optimum performance in cleaning heavily soiled carpets.
- Contains high quality anionic and non-ionic surfactants, alkaline builders and corrosion inhibitor.
- Blue powder with citrus mint fragrance.

pH (Diluted): 9.8
